

NSG 6020 Week 8 Discussion Assignment Essay Paper

NSG 6020 Week 8 Discussion Assignment Essay Paper

The discussion assignment provides a forum for discussing relevant topics for this week based on the course competencies covered.

For this assignment, go to the Discussion Area and post a response to the given question in the Discussion Area by the due date assigned.

To support your work, use your course and text readings and also use the South University Online Library. As in all assignments, cite your sources in your work and provide references for the citations in APA format.

Start reviewing and responding to the postings of your classmates as early in the week as possible. Respond to at least two of your classmates' initial postings. Participate in the discussion by asking a question, providing a statement of clarification, providing a point of view with a rationale, challenging an aspect of the discussion, or indicating a relationship between two or more lines of reasoning in the discussion. Cite sources in your responses to other classmates. Complete your participation for this assignment by the end of the week.

Assignment

Complete only the History, Physical Exam, and Assessment sections of the [iHuman case: Christine Smith V3](#)

Discussion Question 1

Based on your performance and the expert feedback in your HISTORY collection, describe two missed questions and your understanding of why they were important to collect for this case history. Use specific references from your text to explain.

Discussion Question 2

Based on your performance and the expert feedback in your PHYSICAL EXAM collection, describe two errors in your exam performance or documentation. Use specific references from your text to explain the importance of these findings in correct assessment of this client.

Discussion Question 3

Based on your performance on the PHYSICAL EXAM collection, describe one key finding that you included in your list and describe a specific physical exam that you can perform at the point-of-care to further evaluate the finding. Use specific references from your text.

Discussion Question 4

Based on your performance and the expert feedback in your ASSESSMENT identification of problem categories, choose one missed/incorrect category and use specific references from your text to explain the importance of this category in arriving at correct differential diagnoses for this client.

Discussion Question 5

Based on your performance and the expert feedback in your ASSESSMENT of differential diagnoses, describe one incorrect/missed differential diagnosis and use

specific references from your text to support the inclusion of the diagnosis for this client.

Week 9 Discussion
